

# AST Services Ltd

'The Friendly Stairlift Company'

[www.aststairlifts.co.uk](http://www.aststairlifts.co.uk)

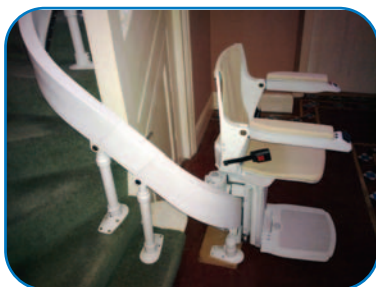

We offer a complete stairlift service whether you want to buy or rent.

- We rent straight stairlifts from £580.00 for a full year and curved stairlifts from £950.00 for six months including survey, installation, breakdown cover and removal.
- We sell new & reconditioned stairlifts with full warranties, breakdown & service cover and a guaranteed buy-back policy.
- We are fast! – All stairlifts can be fitted within just a few days of enquiry
- Most staircases can be catered for either with a straight stairlift with carpentry work or a purpose built curved stairlift – see our website for some examples.
- Call us for FREE advice or a no-obligation survey and quotation

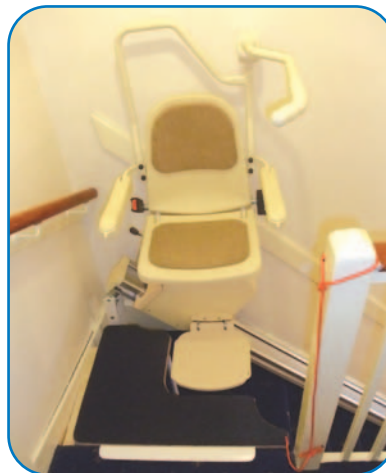

P.S. We also buy unwanted stairlifts!

The stairlift folds away when not in use so others can safely use the stairs

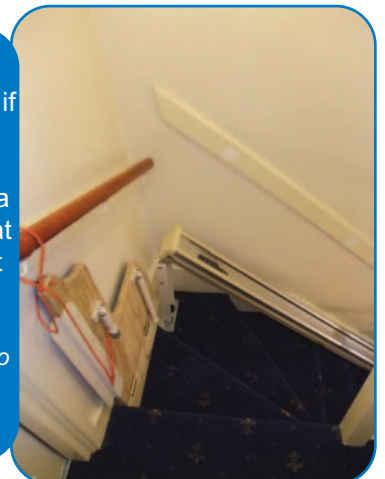

For more complicated staircases, a custom built curved stairlift that can be rented or purchased, is the perfect option.

Most staircases can be catered for. Even if your straight staircase has a turn at the top we can fit a bridging platform\* that folds away when not required.

\* Extra charges apply to platforms & other carpentry work
